4th – 8th August	Competition	
6th August	Rest Day (Contingency)	

Training Program

Training sessions will be open three days before the beginning of the competition, at a 50m / 6 lanes pool located within walking distance to the hotel.

→ Piscine Keller - 14 rue de l'Ingénieur Robert Keller - 75015 Paris

Training will be open at both pools from 09:00 to 12:00 (morning session) and from 16:30 to 19:30 (afternoon session) - from 01st to 07th August.

Training will be open at the competition venue (River Seine) from 09:00 to 11:00 – on 02nd, 03rd and 06th August.

Services

Each national federation will be allocated a dedicated space in the athletes' area, based on the number of athletes participating.

In the interest of preserving the environment, and according to European Aquatics regulations (EURO 6.4.3.), only biodegradable cups/containers/materials shall be allowed to be used during competitions. Paris 2026 LOC will provide 8 bottles per athlete registered in the 10km event.

Training Program

Training sessions will be open three days before the beginning of the competition, 7th to 9th August, from 07:30 to 12:30 and from 16:30 to 21:30

Services

In addition to the 50m 10-lane competition pool, a 50m outdoor 8-lane pool will be available to delegations for training and warm-up.

Each national federation will be allocated a dedicated space in the team preparation area, based on the number of athletes participating.

PARA SWIMMING – Sport Information

Training

- **13th & 14th August (before competition days)** : dedicated full access to the competition pool from 13:30 to 15:30

- **15th & 16th August (during competition days)** : dedicated lanes for warm up (number of lanes to be defined according to number of entries)

Coaches Briefing

14th August – Time and Place TBC

** Time subject to change*

Para Aquatics Workshop

European Aquatics is delighted to announce the launch of its first-ever Para Aquatics Workshop, a key milestone built on extensive research conducted since November 2025 through a comprehensive questionnaire shared with its member federations.

Taking place on 14 August at 16:15, immediately following the Para Swimming training session, this inaugural workshop has been specifically scheduled to maximise participation and empower federation representatives to actively shape this important initiative.

This interactive event will feature a dynamic roundtable discussion, creating a unique platform to exchange best practices, share experiences, and foster collaboration across the European aquatic community. It will also provide an exciting opportunity for European Aquatics to present its vision and strategic ambitions for the future of Para Swimming.

Join us for this landmark moment as we come together to build a stronger, more inclusive future for our sport.

7- Aquatics Social Responsibility (ASR)

The French Swimming Federation (FFN), fully aware of its responsibilities, is committed to organizing the 2026 European Aquatics Championships in accordance with the criteria of the French reference framework of the Charter of the 15 Sustainable Commitments of the Ministry of Sports, the "Terrain d'égalité" label and the European Aquatics GOLD Sustainable Event Certification, to make it an event committed promoting swim learning, accessible to everyone, and taking into account current environmental and societal challenges. The aim is to enable the entire French and European sports ecosystem to benefit from the legacy of this large-scale eco-responsible initiative for the organization of future events.

For athletes, staff and delegation members, these commitments are reflected in the implementation of the following measures :

- No more plastic bottles on pool decks and open water venues : no water bottles will be distributed on site in order to actively contribute to eliminating the single-use plastic and respect the French regulation on this topic. Remember to bring your own reusable water bottles !

- Choose walking and soft mobility solutions : we have worked on selecting accommodations located close to training and competition venues in order to encourage soft mobility and provide greater flexibility in your travel. A collective shuttle system will also be put in place.

- Choose the right waste bin : help us reduce and manage the waste generated by the event by recycling and following the sorting guidelines in place.

- Enjoy a safe and inclusive environment : we strongly fight against all forms of discrimination and violence, including gender-based and sexual violence and harassment. An alert and reporting system will be in place, along with comprehensive support and assistance services. Feel free to use them !

In addition, numerous other initiatives will be implemented in collaboration with local stakeholders and our partners to amplify our commitments around the following key themes : swimming education; accessibility policies for people with disabilities; responsible food consumption; the preservation of water and energy resources, among others.

The 2026 European Aquatics Championships want to leverage the event's media coverage to raise awareness and promote consideration of sustainability issues.

European Aquatics ASR strategy : https://europeanaquatics.org/development/aquatics-social-responsibility/

8- European Aquatics Athlete Protection & Integrity

What is integrity?

Safe, respectful, and fair environment for all: athletes, team staff, officials, staff and volunteers.
Safeguarding & protection from abuse/harassment
Ethical behaviour & respect
Prevention of doping & competition manipulation

Report concerns- EA Integrity Hotline:

The EA Integrity Hotline is the official way to report any integrity concerns you see, hear about or experience.
Email: mc@cavaliero-cambreleng.com (Marc Cavaliero, EA Integrity Officer)

What to include:

Nature of the wrongdoing (doping, abuse, corruption, manipulation…)
Person/organization involved & details
Incident description + supporting documents (if applicable)

Remember: "Speak up, we are here to help!"

Your wellbeing and integrity matter - together we protect our sport and people.
